

# Stashcook

Simple meal planning and recipe management. Stashcook is a mobile app for Android and iOS. Stash recipes into the app using web links or create your own recipes. Then add them to the meal planner and shopping list.

**Why:** Hi, I am Roy, the creator of Stashcook. When my girlfriend (soon to be wife) couldn't find an easy to use app to store her recipes I made her an app.

[Read the full origin story here](#)

18 months on Stashcook has become a comprehensive meal planning app driven by your own recipes. It boasts over 8,000 monthly active users with a user review rating of 4.6 and 5.0 stars on the Play Store and App Store, respectively.

The app market for meal planning apps is fairly saturated but Stashcook tries to set itself apart by being simple. The idea is to Stash. Plan. Cook. Stash recipes from anywhere, Plan meals with ease and cook the food you love!
